## **DETAILED ACTION**

The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

### ***Claim Rejections - 35 USC § 103***

Claims 15, 18-19, 25-27 are rejected under 35 U.S.C. 103(a) as being unpatentable over Sugo of record for reasons of record and further in view of Liang et al. (Liang), U.S. Patent 6,649,037.

The Sugo patent fails to disclose the use of laminated anion and cation fibrous material, rather it uses a mosaic or one sheet.

The Liang patent is cited to show that in electrodeionization the use of alternating layers of anion and cation (see for example figure 6 and col. 10, lines 36-65).

It would have been obvious to a person of ordinary skill in the art at the time the invention was made to modify Sugo by the teachings of Liang.

One having ordinary skill in the art would have been motivated to do this modification, because Liang discloses the use of alternating layers of anion and cation resins in an electric deionization apparatus.

### ***Response to Arguments***

Applicant's arguments with respect to claims have been considered but are moot in view of the new ground(s) of rejection.

### ***Conclusion***

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
